Client Testimonials

Springer Nature

Great party space that was dressed really well. The food stands were exceptional and offered a great variety of food. There were plenty of bars open and no queues for drinks - again, really well thought out and set-up... The grand hall space was fabulously kitted out so it felt like a proper disco! Loved that. The staff on hand were attentive and really helpful, thanks so much... It was all pretty slick!

Forvis Mazars

We had an incredible Christmas party at The Convene Christmas Market. The theming was immersive, the food was amazing, and the team both organising and onsite during the party were so helpful and friendly! I couldn't believe how well the venue was adapted to create the perfect party atmosphere.
